An area of 4 Acres 20 Guntas and 10 As was covered by nalla and an area of 16 Guntas was covered by road. The remaining area of 9 Acres 21 Guntas and 4 As was not then cultivated. In view of this position, the C.C.F. seeks orders if this area previously ordered by the Govt of Bombay for resumption should be resumed at all.

7) Resumption will surely affect adversely the Berads. It is therefore suggested that resumption may be dropped and the Berads may be allowed to continue to cultivate the area.

8) The other proposal of the C.C.F. that the area of 4 acres 3.6 guntas and 10 annas covered by Nalla and Road may be resumed as it does not affect cultivation may however be accepted.

Sir,

Sub:-Grant of land at Sutakatta to the Berads

I forward herewith a copy of Bombay Govt. letter No.FLD-1053/ 74699-E of 27-7-1956 and a copy of letter No.22/176/3073 of 20/23-1-1957 from the Conservator of Forests, Belgaum Circle for favour of perusal. Under the circumstances reported by the Conservator of Forests, Government may kindly be moved to resume the additional area of 4 acres 36 guntas and 10 annas covered by Road and Nala. The sanction of Government for the proposal of the Conservator of Forests to continue the whole area of 39 acres 14 guntas on H.L. on recovery of annual assessment of Rs.360/- upto 31-3-1957 and to give effect to the Government orders from 1-4-57 may also be kindly obtained and communicated to me early for reasons given in the Conservator of Forest's letter.

No.22/176/ 3073 of 1956-57.
Belgaum, January,1957.

To

The Chief Conservator of Forests
in Mysore, Bangalore.

The Government of Bombay, Agriculture and Forests Department, in their letter No.FLD-1053/74699-E of 27.7.56 addressed to the Chief Conservator of Forests, State of Bombay,Poona have approved of his proposals to grant the area of 29 acres 32 gunthas and 12 annas to the berads as inforest cultivation plots on the usual terms and conditions and to resume and afforest the remaining area of 9 acres 21 gunthas 4 annas containing shallow soil not fit for cultivation. From the details given in the sketch enclosed with the Divisional Forest Officer,Belgaum's No.C/691 of 5.7.1955 (Please vide this office No.22/176/1139 of 9.7.1955) it can be seen that the following areas covered by road and nala are included in the area of 29 acres 32 gunthas and 12 annas ordered to be leased out to the berads as inforest cultivation plots.

Area occupied by road.

F.S.No.64	0-11-7

" 65	2- 8-0
" 66	0-12-0
	4-20-10
Total	4-36-10

2. As the above area of 4-36-0 as occupied by road and nala, its inclusion in the area for cultivation would not help the berads in any way. Further the portion of the road and nala in S.Nos. 65 and 66 if granted will honey comb the area of 9 acres 21 gunthas and 4 annas ordered to be resumed and afforested. Hence it is proposed that the above area may be resumed in addition to the 9 acres 21 gunthas and 4 annas already ordered for resumption.

3. It was reported under this office No.22/176/1024 of 25.6.1956 to the Chief Conservator of Forests,B.S., Poona, that the berads have already cultivated the whole area of 39 acres and 14 gunthas during the season. Further the Government in para 2 of the above said letter have directed that no action as proposed by the Chief Conservator of Forests,B.S.Poona in his No.17/D/A/3161 of 14.7.1956 should be taken. In view of this and since the whole area was cultivated by the berads, the Divisional Forest Officer reports that the area of 9 acres 21 gunthas and 4 annas could not be resumed. In the

(1) to resume the additional area of 4 acres 36 gunthas and 10 arnas covered by the road and the nala.

Ref:-Your letter No.AFD 133 DAH 57 dated 24-5-1957.

I forward herewith a copy of letter No.22/176/3555 dated 31-3-1958 from the Conservator of Forests, ~~xxxxxx~~ Belgaum Circle with those of its enclosures on the above subject for favour of kind perusal. It is seen from the report of the Conservator of Forests that the Berads have been cultivating the area of 9 acres 21 guntas and 4 annas which was ordered to be resumed ~~on~~ ~~xx~~ Bombay Government order No.FID 1053/74609-E dated 27th July 1956 (available in the file enclosed) and that its resumption will adversely affect them. In the circumstances I solicit orders of Government whether to resume this area of 9 acres 21 guntas and 4 annas or otherwise. Further the resumption of 4 acres 36 guntas 10 annas of land which is covered by the road and the nallas, the Conservator of Forests, Belgaum reports that it may not affect cultivation. I also agree on the strength of the sketch enclosed.

This office file (pages 1- 203) on the subject is enclosed for reference as desired and return when done with.

Reference:-Your No.B3-18-156/57 dated 31st May 1957.

In enclosing copies of the marginally noted references from the Divisional Forest Officer, Belgaum, I have to report that the area granted to the Berads of Sutkatta was personally inspected by the Chief Conservator of Forests, State of Bombay, Poona in May 1955 who recommended the resumption of the area of 9 acres 21 gunthas and 4 annas since it contained shallow soil and as such it was unfit for cultivation. The Divisional Forest Officer now reports that the above area has now been brought under cultivation by the applicants as detailed in the sketch accompanying his No.C/11/2034 dated 20-3-1958 and the resumption of the area will adversely affect the Berads. The area of 4 acres 36 gunthas and 10 annas is covered by the road and nallas, its resumption would not affect the Berads. Government orders may therefore please be obtained and communicated to this office for further action.

1. C/691 of 5-7-55 from the D.F.O.Belgaum.
2. C.F.S.C's endorsement No.22/176/1139 of 9-7-55.
3. C/11/1430 of 21-10-55 from the D.F.O. Belgaum.
4. 22/176/2654 of 1/2-11-55 from the Conservator of Forests, S.C.Belgaum.

from the Conservator of Forests, S.C., Belgaum, and the Divisional Forest Officer, Belgaum.

2. As per the Govt. orders I inspected the area in last week of May 1955 and found that the area was not surveyed and the exact acreag was not known. The D.F.O.Belgaum, was therefore asked to get the area surveyed and to submit a sketch showing the area.

(a) under rice cultivation.
(b) under cereal crop cultivation.
and
(c) containing shallow soil not entirely fit for cultivation

The two sketches showing (1) the area occupied for cultivation by the Berads and (2) the area held by each of the lessees, submitted by the D.F.O. Belgaum are sent herewith. From the sketch No.I and the D.F.O's report No.C/691 of 5-7-55, it was however seen that an area of A-39- Gs.14 as detailed below was in possession of the Berads as against the area of A.36-Gs.18 originally granted.

	A.	G.	O.
S.No.64	15	18	
-do- 65	21	0	
-do- 57	2	8	
-do- 66	0	28	
	39	14	-0

Thus an area of A.2-Gs.36 was in possession of the Berads without the lease being executed. The Conservator of Forests, S.C. was therefore asked from what date the area of A.2-Gs.36 is in possession of the Berads and how much amount of assessment is due from them, from the D.F.O's No.C/11/1430 of 21-10-55 it will be seen that the area A.2-Gs.36 is in possession of the berads since 1948-49 without the lease being executed and the amount of assessment to be recovered from them comes to Rs 232/-.

3. From the sketch No.I, it will be seen that out of the area of A.39-Gs.14, an area of A.9-Gs.21-As.4. contains shallow soil and as such t is area is not fit for cultivation.

The remaining area of 29 acres and 32 gunthas and As-12 is fit for cultivation. It is suggested that this area may be granted to the berads for cultivation as inforest cultivation plots on the usual conditions provided they pay all the arrear dues. The remaining area will be resumed and afforested departmentally.

2. From the Divisional Forest Officer, Belgaum's report it is seen that the Berads are still cultivating the lands unauthorisedly. If the Berads pay the amount voluntarily from the proceeds of the crop raised by them the encroachment case will be regulairsed and they will continue to cultivate the land on terms and conditions mentioned in this Department letter No.17/D/SC/A/6208 dated 25th Jan.1956. If they do not pay the amount voluntarily, the same will be realised by preparing necessary offence cases and attachment of the crop. After the recovery is effected by any of the above means the cultivation of land by the Berads on approved terms and condition will be allowed.

and the Chief Conservator of Forests, Bombay State, Poona in his No.A/6808 dated 25-1-56 recommended to Government, the grant for cultivation as in-forest cultivation plots an area of 29 acres, 32 gunthas and 12 annas (which consisted of the area under cultivation A.2-G.17-A.14 + A.22-G.18-A.4, plus the area covered by road and Nalla i.e. A 4-36-10) and resumption of the area of 9 acres 21 gunthas and 4 annas (i.e. the area reported to be shallow). This proposal was approved in Government A & F.D.No.FLD/1053/74699 dated 27-7-56. The lessees were, however not willing to part with the area of A.9-G.21-A.4 and since then the correspondence is going on and as such, the orders regarding resumption of the area of 9 acres 21 gunthas and 4 annas could not be given effect to, so far.

2. In the latest proposal (vide your No.22/176/3073 of 20-1-57) you have proposed to exclude from the grant--

(i) The area of A.4-G.36-A.10, covered by road and Nallas.

and (ii) the area of A.9-G.21-A.4 which was reported to be shallow. Since, after the position was reported in 1955(para 1 above), the lessees have been cultivating the portion of 9 acres, 21 gunthas and 4 annas also the uncultivated portion which could be resumed is the only area of 4.acres 36 gunthas and 10 annas covered by road and Nallas.

3. The sketch of the area is enclosed herewith, from which it will be seen that there is no point to resume the area except the portions involved in road and Nallas.
